

Using your Xbox to Access Office 365

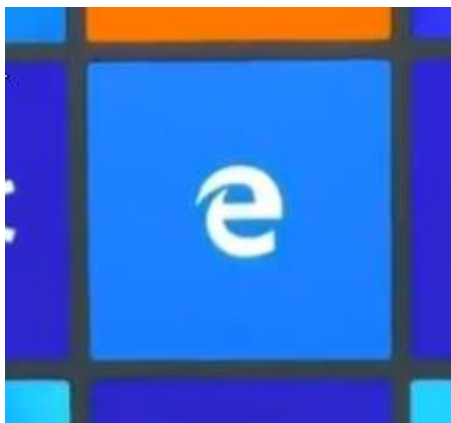

If possible, you can use a keyboard which will help using the web applications and signing into your account.

You can get one from Amazon for under £10.00

Go to "My Games and Apps", then "Apps"

Look for Microsoft "Edge"

Go to <https://portal.office.com> or Search for Office 365 in the Edge Browser.

Login into your account as you would normally using the controller as a mouse.

From here you can access your learning applications such as:

Outlook (Your Emails)

Teams

PowerPoint

Word

Excel

SharePoint and Streams
