

RLS Newsletter

This term our topic is called **"How many colours in a rainbow?"**

We are going to be:

- exploring colours and mixing them to create our own art
- working with a professional artist

Morning Challenge

Thank you for supporting your child with their morning challenge when they come into school. It is fabulous to see their phonics improving and to see parents so enthusiastic about your child's learning. This half term we will also be introducing a maths morning challenge!

Modelling resources

We need resources for our workshop area. We develop imagination and understanding of shape and space, using ideas to create models.

Please save resources for us and bring them into school. We need packaging that you have finished with like cereal boxes, plastic bottles, yogurt pots and plastic bottle lids.

Home Reading

Thank you to all parents who are continuing to read at home 3 times a week. The children are so proud when they receive their reading award. We have had 4 children receive this award so far and hope to see this increase to 15 children this half term!!

Uniform

Please remember that all children in reception should be in full school uniform. Thank you to those children who come in full school uniform every day— you are looking very smart! School jumpers are available from the office.

If you have any clothes that your child no longer needs, we would be grateful of donations.

We are currently very low on spare clothes. Thank you!

Class RLS

We hope you all had a good half term break. It is great to see everyone back at school. It was great to meet so many of you at Parents Evening and it is so important to ensure that we can work in partnership to give your child every opportunity to make good progress. Please remember that a member of staff is always available to speak to if you have any questions or queries. Please see your class teacher to arrange your parents evening this week if you were unable to attend before the end of term.

Bear words

At parents evening all parents were given a set of bear words. Please make sure you are learning these at home with your child. These words will have a significant impact on your child's reading and writing and will make reading and writing sentences much easier.

Number sense

This half term in number time we will be learning everything about the numbers 4, 5, 6 and 7. We will be reading and writing numbers, ordering, adding, taking away. Please ask your child what they have been learning during number time or ask a member of staff.

Reminders

As it is getting colder please make sure that your child has appropriate clothing such as coats, hats and scarves. We go outside all year round and want your child to be able to join in the outside fun!

If someone different is coming to collect your child please let us know. You can tell a member of staff or call the school office. We will set up a password to ensure your child's safety.
We cannot release your child to an adult we do not know.
