

Reception

As writers we will be:

- Starting our new phonics scheme 'Read Write Inc.!'
- We will be learning to write our name (please continue to practice at home).

As mathematicians we will :

- Developing our number sense
- Exploring properties of 2D shapes
- Developing our mathematical language, such as 'estimate', 'longer', 'shorter', 'more', 'fewer', 'one more/less than'

As active learners we will be:

- Developing our technological skills by using B-Bots, interactive smartboard, laptops and iPads.
- We will be learning to cook porridge and looking at how the mixture changes throughout the process
- We will be looking at the different seasons, especially the change between Summer and Autumn through daily observations
- We will be learning all about our families, friends and cultures; looking at similarities and differences between them and celebrating our uniqueness.

As artists we will be:

- Creating nature inspired autumn collages
- Using a variety of media to compose individual artwork such as paint (powder paint and water colour), chalk, crayon, natural resources, pencil, charcoal, felt, tissue paper, crepe paper and many more!

Cross curricular links:

PE

- developing our communication and language skills by following simple instructions during our P.E. sessions.
- developing our co-ordination and independence by taking our shoes and socks off

As musicians we will be;

- Developing our ability to move our bodies in time to music
- Looking at 'fast' and 'slow'
- Talking about our favourite songs and building our confidence to share them with the group
