## Learning Project - to be done throughout the week

The project this week aims to provide opportunities for your child to learn more about the area in which they live. Learning may focus on your local area, famous people, key landmarks and links to your city.

- **An Architectural Masterpiece-** Give your child the task of designing a new building/structure to inspire the residents of their local town or city. They must research, plan, design and then make a model of it using materials from around the house. Ask them to create a criteria for success and then evaluate their model against this. **You could watch [this video of architect Arthur Timothy](#) for some inspiration!**
- **Promoting Your Local Area-** Tell your child that a visitor from another country is coming to stay in the city for a week. They really need to impress them by showing them the most interesting places in their local area. Where would they take them each day? Plan the itinerary for each day detailing the transport that will be taken to each location, how long will be spent there, what will be eaten and any activities that may take place. **The [Visit Nottingham website](#) has some great ideas of the best places in our city.**
- **Where in the World?** - Show your child how to use [Google Earth](#) or [Google Maps](#) to look at the geographical features of Birmingham, Aberystwyth and Perth (Australia). How are these places the same? How are these places different? What impacts the similarities and differences? After, they can then choose three different places and do the same thing. Do they notice any patterns?
- **Places of Worship –** There are many of these in Sneinton, including St Christopher's Church, Sultania Mosque. Can your child order them on a timeline based on the year they were built? Why do they think some of these places were built more recently, whilst others were built many years ago?
- **Cadbury's: A timeline-** the Cadbury family had and still have a significant impact on the Midlands, in particular Bournville. Your child can create a timeline detailing the history of the company. Remind them to include dates and details of significant events. How did Cadbury impact the local area positively in the 1800s? How does Cadbury impact the local area positively now? **A great [example timeline](#) can be found on the BBC.**
- **Graffiti Art** - Digbeth is the home to its own Graffiti Art Walk, but has graffiti always been seen in a positive light? How have attitudes towards graffiti changed over time? Is all graffiti good? Discuss these questions with your child and then ask them to design their own graffiti art using paper and crayons or felt tips. **Inspiration can be found in [this gallery here](#).**
